Request for Participation in Disclosure Document Program:

Disclosure of Dr. Sergey Gazeiko
Entitled: "Method for Rapid Detection of Microorganisms by Chanching the Shape of Micro Colonies"

Sir:

Attached is a copy of a disclosure of my above-entitled invention (consisting of 8 sheets of written description and 2 sheets of drawings), a \$10.00 check and a stamped receipt postcard.

The undersigned respectfully requests that this disclosure be accepted and retained for two years under the Disclosure Document Program and that the enclosed postcard be date stamped, numbered and returned.

The undersigned understands that (1) this disclosure document is neither a patent a patent application nor a substitute for one, (2) its receipt date will not become the effective filing date of a later-filed patent application, (3) it will be retained for two years and then destroyed unless it is referred to in patent application, (4) this two-year retention period is not a "grace period" during which a patent application can be filed without loss of benefits, (5) in addition to this document, proof of diligence in building and testing the invention, and/or filing a patent application on the invention, may be vital in case of an interference, and in other situations, (6) if such building and testing is done, signed, and dated, records of such should additionally be made and these should be witnessed and dated by disinterested individuals (not the PTO), and (7) if any public use or sale of the inventions made in the U.S., or any publications is made anywhere, no valid patent can be granted on the invention unless a patent application is filed on it within one year of any such public use, sale or publication, regardless of the filing date of this Disclosure Document.

Very respectfully,

Sergey Gazeiko
